

## REMARKS

The Applicants are requesting the entry of an amendment to the Specification which added the priority claim. No new matter is being added.

On April 13, 2005, the Applicants amended page 9, first paragraph of the Specification to correct an inadvertent error regarding the ATCC deposit number. Specifically, the term "H-33555A" was replaced with "PTA-6306". Because WIPO failed to include that amendment in the published patent application, Applicants request entry of the amendment with this document. This correction does not add new matter.

On April 13, 2005, the Applicants amended Claims 2,3 6-8, 13-16, and 18 to correct an inadvertent error regarding the ATCC deposit number. Because WIPO failed to include that amendment in the published patent application, Applicants request entry of the amendment with this document.

The Applicants request entry of the amendment to Claim 17 to remove the multiple dependency of the claim.

No new matter is being added.
